

“Purity Of Heart”

Discussion/Study Material for the podcast from Sunday 11/2/2014

From Marianne Williamson's *The Law of Divine Compensation*, page 165-166:

“Wealth does not come from ‘somewhere else.’ It doesn’t come from outside us, but rather manifest according to our thoughts. Money created righteously doesn’t come *from* other people; it comes *through* them.”

“Looking to other people as the source of our money is an idolatrous notion, because it sees those people as the source of our good. It can also lead us to exploitative or manipulative thoughts or behavior. When we realize that the universe itself is the source of our good, we simply allow it to fill our needs in whatever way it chooses. And the universe would never exploit anyone. We do whatever it is we feel we’re supposed to do and the universe pays us in whatever way it deems right.”

Discussion/Study Questions:

1. Why is it a mistake to think of ourselves as “on a fixed income,” or limited by our salary, clients or pension?
2. Does our wealth come at the expense of other people? Why or why not?
3. Marianne Williamson says, “Purity of heart, then, is the miracle-worker’s greatest engine of wealth creation.” Why does a pure, loving heart play such a part in our financial success?
