

“The Law of Goal-Setting”

Discussion/Study Material for the podcast from Sunday 10/16/2016

From Edwene Gaine's Book *The Four Spiritual Laws of Prosperity*, page 72:

“Chances are you spend a lot of your time focused on other people's needs—perhaps your clients', your family's or your friends'. Now it's time to begin to focus on what you want. Ask yourself, “What do I want?”

A lot of people have never even asked themselves that question. Or they asked themselves it once but then put the answer on the back burner for so long they've forgotten what it was in the first place. They are left with only a vague and blurry sense of what they want.

If you want to start effective goal-setting, where you are clearly conveying to God what it is that you want to experience, then you've got to first get it clear in your own mind.”

Discussion/Study Questions:

1. How can I gain clarity about what I'd like to experience in life?
2. What dreams or desires have you put on the “back burner” and why?
3. Why is it important to set goals as well as accepting life as it happens?”
