

“A Sign From Heaven”

Discussion/Study material for the podcast from Sunday 10/22/2017

From May McCarthy's book “The Path to Wealth,” pages 55-56:

“You don't have to try to make anything happen at this point. You're simply to watch for any signs that could be providing you with the direction to take. There is power in expecting results.

The signs from the CSP (Chief Spiritual Officer) may come to you in flashes. Or, you'll receive some other intuitive direction to take, such as a feeling or urge about something you heard, a friend you ran into, a location across town, a stranger passing by. Any of these could be the next step toward your good.”

Discussion/Study Questions:

1. How are “expectations” powerful attractors? How can they be both positive and negative?
2. Do you have examples where your intuition lead you in a positive direction?
3. Discuss how a willingness to release control about “how” things are supposed to happen may benefit your desired outcomes.
