

# “Living In Abundance”

Discussion/Study Material for the podcast from Sunday 10/28/2018

From Jim Rosemergy’s Book *Even Mystics Have Bills To Pay*, pages 49-50:

“One of our primary problems is allowing thoughts of lack to dominate our thinking. We support such thoughts, but they do not support our dreams. Remember the principle: *‘For to every one who has will more be given, and he will have abundance; but from him who has not, even what he has will be taken away’* (Mt. 25:29). The have-not consciousness produces more lack, for we continue to lose what we have.”

Discussion/Study Questions:

1. What are some of the common thoughts and beliefs about lack in society today?
2. Why do thoughts of lack produce poverty (hint: major *Science of Mind* spiritual principle)?
3. What are some ways that we can reverse the ‘have-not consciousness?’
